## INTRODUCTION

Scholarships and study trips might be a special opportunity in the life and professional development of young people. Therefore it is essential to choose a country that has outstanding results in the field of education and research and its culture is rather different from the applicant's home culture. Hungary is one of the most attractive destinations for those who wish to study abroad. Lying in the heart of Europe, Hungary is famous for its hospitality and friendliness in harmony with its ancient eastern traditions. Hungary is renowned for a particular language with a unique rhythm, special music, folk art, architecture as well as its long traditions in science, education and arts. There is hardly anyone who is not familiar with Liszt, Bartók and Kodály's music, János Irinyi's matches, László Bíró's ball pen, János Bolyai's non-Euclidean geometry, Albert Szent-Györgyi's vitamin C, László Moholy-Nagy's revolutionary work activity in the field of visual arts, János Neumann's computer, Dénes Gábor's hologram, Endre Papp's hybrid maize, Ernő Rubik's magic cube or Ignác Semmelweis' mother-saving theory on the use of hand disinfection, only to mention a few famous Hungarian "inventions".

Budapest is one of the most beautiful capitals in the world with special architecture, a great amount of protected area as part of the World Heritage, with the Blue Danube, mountains, Europe's longest karst cave, with so many thermal spas, Turkish and Roman monuments and a city of ruins rivaling Pompei. The Hungarian equestrian culture originating from the ancient steppe, the Hungarian fishing industry, livestock, agriculture and the country's tourist attractions are abundant in surprises for everybody.

Lake Balaton, the region's largest sweet water lake, the first museum of golden artifacts, cafés competing with those in Paris and Vienna, retro pubs, flea markets, festivals and museums are inviting visitors.

Hungarian higher education institutions have been receiving foreign students for more than a hundred years. Degrees obtained in Hungary are accepted and appreciated worldwide. For many decades Hungarian universities and research institutes have been participating in international co-operations in all fields of science and arts. Come and study or do research in Hungary and thus not only develop your professional skills but also gain unforgettable experience.

## AVAILABLE SCHOLARSHIPS

The following scholarships are available in the academic year 2015/2016:

### **A – semester/partial studies** (3–10 months)

Available for: undergraduate (BA/BSc) and graduate (MA/MSc) students (enrolled at foreign higher education institutions), especially those majoring in Hungarian Language and Literature and students participating in a single degree track university programme (such as General Medicine, Dentistry, Pharmaceutical Studies, Veterinary Studies, Architecture, Studies in Law, etc.). Before application, students are required to have completed minimum two semesters at their home institutions. For 'Type A' scholarship students may apply only on one occasion during their Bachelor's studies, and once during their Master's studies.

### **B – postgraduate studies, research** (3–21 days or 1–10 months)

Available for: applicants holding a Master's degree or an equivalent university degree, including PhD students who intend to do research for their dissertation and wish to stay in Hungary for less than 10 months. (However, PhD students cannot earn credits during the scholarship period at the host university.)

### **C/1 – full PhD programme** (36 months)

The scholarship is conditional upon successful entrance exam/admission to the respective Hungarian doctoral school.

### **C/2 – partial PhD studies** (10 months)

Applicants must be enrolled in a PhD programme at an accredited higher education institution in their home country or in a foreign country (but not in Hungary).

### **D – postdoctoral studies, research** (1–10 months)

Applicants must hold a PhD or an equivalent degree.

### **E – research stay** (3–21 days or 1–10 months)

Available for applicants who hold minimum a PhD or an equivalent degree.

### **F – summer courses** in the summer of 2015 (2–4 weeks)

Only courses published in the list of 'Summer Courses 2015' on the HSB website can be selected. You may select three different courses but your scholarship will allow you to participate only in one course.

## CASES OF NON-ELIGIBILITY

- Foreign citizens with an immigration/national settlement permit or in the course of applying for such a permit in Hungary
- Foreign citizens with permanent residence in Hungary

**There is no age limit** for the following types of scholarships:

- research stay (type E)
- summer university course (type F).

## GENERAL PROVISIONS

Scholarships offered by the HSB allow for studies or research in any field of arts or sciences at an accredited Hungarian higher education institution or research institute to be determined in advance.

Those who wish to apply for semester/partial and postgraduate studies as well as doctoral programmes (full-time or part-time) can only pursue ministerial scholarship studies in Hungarian. (Scholarship awarded by the Minister responsible for education in Hungary) Tuition fee is covered by the Hosting Party..

For 'type A scholarship' students may apply only on one occasion in the course of their Bachelor's studies, and once during their Master's studies. Type A (semester/partial studies) and type C1/C2 (full PhD and partial PhD studies) scholarships cannot be extended. Type B (postgraduate studies), D (postdoctoral studies, research), and E (research stay) scholarships may be extended exceptionally, only under special circumstances, on one occasion. The request for the extension of the research stay must be submitted to the HSB Office one or maximum two months ahead of the beginning of the planned extension.

HSB scholarships are valid only for studies and research purposes in Hungary. Scholarship-holders must stay in Hungary during the entire period of their studies or research.

**Scholarships are awarded for the summer of 2015 or the academic year 2015/2016 and must be finished by 30 June 2016 at the latest.**

A list of the national scholarship authorities ('Foreign Partners'), the list of summer university courses as well as other useful information can be found on the HSB website ([www.scholarship.hu](http://www.scholarship.hu)). Scholarships are awarded by the Hungarian Minister responsible for education based on the decisions of the Hungarian Scholarship Board. The list of successful applicants for the different types of scholarships is expected to be published on the HSB website in the course of June and July 2015. Applicants will be informed on the result in an official letter posted or sent via e-mail. The HSB office shall not accept appeals against the decision.

\*\*Vacancy at university residence halls is limited, hence applicants are well-advised to inquire about the accommodation possibilities in advance.

## FURTHER INFORMATION ON FINANCIAL PROVISIONS

HSB Scholarships cannot be awarded concurrently with any other scholarship awarded by the Hungarian state. If a scholarship-holder has been awarded another scholarship or gets other financial support (wages), he/she must waive the HSB scholarship.

The scholarship is meant to cover the living expenses of one person only so there is no available financing or visa exemption for accompanying members of the family or any other persons. In case of long-term research stays or trainings payment of the stipend will not be effectuated immediately upon arrival in Hungary. Therefore scholarship holders are advised to have a sufficient amount of money to cover their living costs for at least one

month in Hungary. Scholarship holders arriving for one month or shorter must bear in mind that their stipend may well be transferred only a few days before leaving Hungary.

Apart from the financial provisions outlined above, the HSB shall not compensate for any other costs related to the scholarship holder's stay.

### **Travel Expenses**

Travel expenses to Hungary, within Hungary and back to the country of origin shall not be covered by the Hungarian Scholarship Board.

### **Entitlement to Healthcare Services**

According to the rules of the European Parliament and Council Regulations 883/2004 (EC) and 987/2009 (EC), European Union citizens or citizens of EFTA member countries as well as the citizens of Switzerland are entitled to healthcare services in medical necessity during their stay in Hungary.

In Hungary, healthcare services can be provided in medical necessity for those scholarship holders who have the European Health Insurance Card (hereinafter Card). Medical necessity is determined by the attending physician who considers the given circumstances. The Card must be collected in the home country prior to the arrival in Hungary.

Further important information is that healthcare services can only be provided – according to the principle of equal treatment – by those healthcare providers that have contractual relations with the National Health Insurance Fund (OEP). The scholarship holder has to cover the costs of those services that are provided by a private healthcare provider that has no contractual relation with OEP.

Non-EU citizens and non-EFTA citizens who wish to stay in Hungary for more than 1 month are covered for medical treatment in case of sudden illness. Except for emergency cases the costs of dental care are not covered. Health insurance provided by the Hungarian Party is only available for those who are under the age of 65. Scholarship-holders staying in Hungary for less than 1 month are required to make their own arrangements for insurance coverage.

## **REPORT**

Applicants awarded with a scholarship will be asked via email to write a report after finishing their scholarship period. The report must be prepared and submitted in the online application system. The scholarship holder has 30 days after the end of the scholarship period to submit the report. If the scholarship holder fails to submit the report within this time frame, he/she may be excluded from further scholarship applications.
