

Bronislaw Markiewicz
State School of Higher Vocational Education
in Jarosław (Poland)

Our School has participated in Erasmus programme since 2007. So far we have concentrated on the mobility of students, who do study programmes at a partner school as part of their degree course, and academic staff, who do some teaching hours. Students and staff from partner schools are also welcome to our school. So far we have signed agreements with schools from: Latvia, Estonia, Lithuania, Portugal, Malta, Belgium, Czech Republic, Slovakia, Greece and Turkey.

We would like to gain new partners from France, Germany, Italy and Great Britain.

State School of Higher Vocational Education in Jarosław was established in 1998 and educates students offering both full-time and extramural studies. Graduates complete their education with Engineering or Bachelor's degree in 5 institutes:

- **Institute of Technical Engineering**
 - Informatics (11.3)
 - Geodesy and Cartography (07.6)
 - Construction Studies (06.4)
- **Institute of Economics and Management**
 - Management (04.0)
- **Institute of International Relations**
 - Tourism and Recreation (04.4)
 - European Studies (14.6)
- **Institute of Health Care**
 - Nursing (12.6)
- **Institute of Humanities**
 - Pedagogy (05.0)
 - English Philology (09.0)
 - German Philology (09.0)

The school guarantees modern educational base. There are fully-equipped computer, electronic and physics laboratories. There is also well-developed computer infrastructure. What is more, Institute of Health Care possesses laboratories equipped with such educational aids as: anatomical models, microscopes, different kinds of models and charts.

Students and staff can also take advantage of modern sports hall, gym, two multifunctional artificial turf fields for sports. In addition to that, the school possesses a library, a reading room, a student dormitory, an internet café, a canteen and a student club.
