

Privitak I. Lista prihvaćenih i odbijenih prijava za financiranje te prijava na rezervnoj listi

Leonardo da Vinci Prijenos inovacija, 2013.

ODABRANE PRIJAVE:

Obrazloženje odluke: Prijava je ispunila sve kriterije formalne prihvatljivosti, ostvaren je dostatan broj bodova, postignuta je ravnomjerna zastupljenost različitih strateških prioriteta te postoje raspoloživa sredstva za financiranje prijave.

Projektni broj	Program	Aktivnost	Godina	Rok	Naziv projekta	Sažetak projekta	Strateški prioritet	Naziv prijavitelja	Provjera kriterija formalne prihvatljivosti	Bodovi za kvalitetu prijave	Odluka	Odobreni iznos ukupnog proračuna projekta	Odobreni iznos financijske potpore (EU sredstva)
2013-1-HR1-LEO05-03050	Leonardo da Vinci	Prijenos inovacija (Tol)	2013	1	Regional transfer and integration of VET practices on sustainable development	The aim of this import project is to support trainers for regional development stakeholders in the acquisition of key competencies and pedagogical skills via the transfer and testing of proven VET programmes in the field of sustainable regional development. A train-the-trainer programme will be developed, which will reduce the gap between current and future/needed knowledge for managing regional development. Key regional development stakeholders will gain skills and competencies to train other regional development stakeholders to manage regional development actions. The consortium consists of partners directly engaged in regional development from Croatia (five partners) as well as four partners from four other European countries (AT, PL, SI & SK) who will provide their knowledge, experiences, skills to transfer their good practice examples. The project has a duration of 24 months.	Support to initial and continuous training of VET teachers, trainers, tutors and VET institution managers (LEO-Trainno-8)	Agencija za razvoj Varaždinske županije	Prihvaćeno	83,50	Odabrano	278.870,64 EUR	208.750,21 EUR
2013-1-HR1-LEO05-03048	Leonardo da Vinci	Prijenos inovacija (Tol)	2013	1	Avoiding Collisions at Sea	The proposals aims at improving safety at sea by providing an easily assessable online course for seafarers to fully understand and interpret the international regulations for preventing collisions at sea. It is based on two forerunner projects. The main result is an online learning and assessment platform which will facilitate the inclusion of the identified new skills in existing maritime programmes and the correct application of the international regulations for preventing collisions at sea. It is intended to involve training institutions, shipping companies, maritime organisations and social partners to increase the cooperation between these organisations in order to be able to better react to labour market needs. The consortium consists of twelve partners, six core partners and six associated partners, coming from seven European countries (HR, UK, TR, SI, BG, ES & FI). The project has a duration of 24 months.	Encouragement of cooperation between VET and the world of work (LEO-Trainno-7)	Pomorski fakultet u Rijeci, Sveučilište u Rijeci	Prihvaćeno	76,00	Odabrano	344.569,96 EUR	258.427,47 EUR

PRIJAVE NA REZERVNOJ LISTI:

Obrazloženje odluke: Prijava je ispunila sve kriterije formalne prihvatljivosti, ostvaren je dostatan broj bodova, ali unutar raspoloživog proračuna nije postignuta ravnomjerna zastupljenost različitih strateških prioriteta. Prijava će biti odabrana za financiranje ukoliko se osiguraju potrebna financijska sredstva.

Projektni broj	Program	Aktivnost	Godina	Rok	Naziv projekta	Sažetak projekta	Strateški prioritet	Naziv prijavitelja	Provjera kriterija formalne prihvatljivosti	Bodovi za kvalitetu prijave	Odluka	Mogući odobreni iznos ukupnog proračuna projekta	Mogući odobreni iznos financijske potpore (EU sredstva)
2013-1-HR1-LEO05-03052	Leonardo da Vinci	Prijenos inovacija (Tol)	2013	1	South East Europe TRIZ Network	The proposed project aims at increasing creativity skills for people working in SMEs and for secondary school students. Introducing the basic principles and techniques of creativity, problem-solving and problem-solving at school and SMEs will help targeted countries to create more innovative societies. It is planned to transfer the results of the TETRIS project to Croatia, Romania and Slovenia, whereas a transfer from more technical applications to managerial competencies shall be realised as well. As results, (1) nationally applied TRIZ training materials and a methodology, (2) a new chapter 'system analysis' and animations for non technical applications of TRIZ shall be produced as well as (3) a training course for VET institutions set-up. The consortium consists of seven partners from four European countries (HR, IT, SI & RO) and it is composed non-profit organisations, research centers, universities as well as public institutions. The project has a duration of 24 months.	Support to initial and continuous training of VET teachers, trainers, tutors and VET institution managers (LEO-Trainno-8)	Razvojna agencija Zagreb - TPZ d.o.o.	Prihvaćeno	80,50	Rezervna lista	376.560,02 EUR	282.420,00 EUR

ODBIJENE PRIJAVE:

Obrazloženje odluke: Prijava nije ostvarila dovoljno bodova na kvaliteti.

Projektni broj	Program	Aktivnost	Godina	Rok	Naziv projekta	Sažetak projekta	Strateški prioritet	Naziv prijavitelja	Provjera kriterija formalne prihvatljivosti	Bodovi za kvalitetu prijave	Odluka
2013-1-HR1-LEO05-03049	Leonardo da Vinci	Prijenos inovacija (Tol)	2013	1	Virtual Innovative Platform for Training Firms	The project application is based on the results of a former IPA project which aimed at elaborating a modular curriculum for training firms. The export project aims at transferring results from Croatia to Italy. As main results the 'Virtual Innovative Platform for Training Firms' and a handbook will be elaborated. Not only the existing curriculum from the forerunner project but also the existing ICT solution shall be further developed and transferred. Furthermore two international training firm fairs shall be attended, two info days (one in Croatia and one in Italy) shall be organised as well as a final conference in Portugal. As core target groups VET students are addressed by the project. The consortium consists of four partners from three European countries (2*HR, IT & PT); two partners are VET schools; two are companies. Education Group Zrinski acts as applicant; the Italian VET school as management coordinator; the Portuguese enterprise acts as core partner, whereas the Croatian company will be involved as associated partner. The proposed project has an overall duration of 21 months.	Encouragement of cooperation between VET and the world of work (LEO-Trainno-7)	Obrazovna grupa Zrinski	Prihvaćeno	64,00	Odbijeno
2013-1-HR1-LEO05-03051	Leonardo da Vinci	Prijenos inovacija (Tol)	2013	1	New learning methodology within EBC* L transfer	The project aims at transferring the EBCL level A standard (European Business Competence License) from one country (AT) to four other European countries (HR, ES, SI and LV). The 'import' partners will test, modify, improve and adapt the programme according to their national needs. As main product a blended learning solution, called 'Easy Business blended learning' shall be elaborated, which will be available in all four import partner languages. The consortium consists of VET providers and consulting companies from five European countries: HR, AT, SI, LE & ES. The project has a duration of 24 months.	Encouragement of cooperation between VET and the world of work (LEO-Trainno-7)	Obrtničko učilište - ustanova za obrazovanje odraslih	Prihvaćeno	59,50	Odbijeno
2013-1-HR1-LEO05-03054	Leonardo da Vinci	Prijenos inovacija (Tol)	2013	1	Blended Learning: Interkulturelle Geschäftskommunikation für Europa	The project aims at valorising innovative, easy accessible, inclusive and cross-cultural materials for language learning including its certification for business or tourism communication. The participants shall be trained by using a blended learning approach. The project is based on the results of several forerunner projects. The materials will be adjusted to the languages of the partner countries and valorised in these countries. A transfer from DE & HU to HR, PL, HU & SI is intended. As target groups personnel engaged in VET, employees of the partner institutions as well as students are mentioned. The consortium consists of five partners from five European countries (HR, DE, HU, PL & SI), whereas four partners are universities (HR, HU, PL & SI) plus the partner who will manage the project representing a German research institute. The project has a duration of 24 months.	Promotion of the acquisition of key competences in VET (LEO-Trainno-9)	Filozofski fakultet, Sveučilište u Rijeci	Prihvaćeno	57,50	Odbijeno

Ukupno odobrena sredstva za Leonardo da Vinci aktivnost Prijenos inovacija, rok: 31.01.2013.:

467.177,68 EUR
