H.1. Activities' Details

The form automatically removes activity A2 from both Budget tables, **but not completely.**

Even though Activity A2 does not exist anymore, **there are still references to it** (which is a bug).

Despite containing these errors, it is possible to validate the form

and can be submitted with inconsistent data.

Therefore, to solve this, users must click on **Activity No.** cell to make the form fully "realize" that A2 does not exist anymore. (A2 disappears after clicking the cell)
